

Academy for Manual Therapy in Hannover – Nearby MHH

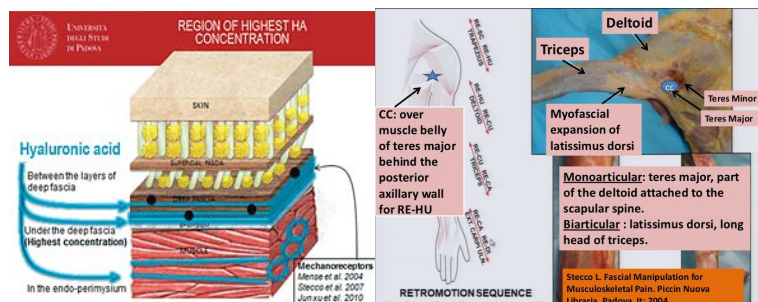

Course "Fascial Manipulation" – evidence based method - with

Dr. ANTONIO STECCO, MD. PhD., Fascia Manipulation Institut, Padua, Italy

The Fascial Manipulation course program consists of two level intensive hands - on courses, combining theoretical lectures, demonstrations, and practice between participants throughout each course day. Participants will learn to evaluate musculoskeletal dysfunctions with specific reference to the human fascial system, and to apply the Fascial Manipulation method as taught by **Luigi Stecco, PT**. For more than 40 years he compared Trigger-, Acupuncturepoints and Meridians to know about the upcoming.

His daughter, **Prof. Carla Stecco**, published 2014 the first Fascialanatomy Atlas. Lectures include the anatomy and physiology of the fascial system, an explanation of the biomechanical model used in application of this technique, and the anatomical localization of **key fascial points – Center of Coordination**. These can be found in 3 D chains and spirals. Next to these points, there are visceral points as well. Emphasis will be placed on the evaluation of musculoskeletal dysfunctions (from history taking, to a hypothesis, to a verification and treatment) together with a methodology and strategy for the treatment.

The FM Level 1 and 2 courses consists each of two three - day courses.

Schedule: Level 1a: Friday, 04. - Sunday, 06. October und

Level 1b: Friday, 25. - Sunday, 27. October
